# Values are more important than valuation.

A bank is more than just products and services. At Comerica, we believe corporate values are bigger than account features.

That's why diversity, equity and inclusion are embedded in our business strategy, celebrated among our colleagues, and extended to our community and business partners. That's how we're raising expectations of what a bank can be.

# Thank You!

The SoCal API Festival would not be possible without the dedication and support of our entire community. From our volunteers and vendor partners to our artists and performers, their collective energy and immense talent brought this year's API Festival to life.

Closing down an entire street to create this space takes immense resources. We are thankful for our sponsors for believing in our mission and bringing our vision into reality.

We hope the API Festival can offer a meaningful glimpse into the vastness of our heritage. The Asian, Native Hawaiian, and Pacific Islander community is incredibly diverse; one event cannot capture every culture and story. As we move forward, we remain committed to providing spaces for the customs and traditions for as many ANHPI communities as possible.

We are especially grateful to our elders, cultural practitioners, and knowledge-bearers who continue to preserve and pass down our traditions. And to the younger generation, we thank you for carrying our cultures into the future with pride, respect, and creativity as you continue to define yourselves.

With gratitude,

**Tuyen Nguyen**
